Product safety recall

Board with batch number 106917, due to a manufacturing defect that may cause the tip of the pencil to detach. Small parts may pose a serious choking hazard to children.

The batch number is printed on the backside of the product.

The product was available on the market from December 2023 to June 2024 and sold through Sebra's own webshop and Sebra retailers.

If you have purchased the product, you must immediately remove it from your child's reach and contact the retailer where you bought it. Sebra has contacted the retailers who sold the product, and the sale of the batch number 106917 has been discontinued.

You have the option to exchange the drawing board with batch number 106917 for a similar drawing board not affected by the recall or to receive a refund for the purchase amount, which can be refunded at the place of purchase.

Documentation for the batch number must be submitted.

We encourage you to share this recall with others who may have a Sebra Magnetic Drawing Board with batch number 106917.

For questions, please contact Sebra's customer service at shop@sebra.dk.
